<sup>1</sup> The interest rate (Rate) and annual percentage yield (APY) shown are for accounts opened in Amegy Bank's Dallas - Fort Worth regional markets. The Rate and APY for your account will depend on the regional market of the Amegy Bank branch where you opened your account. If you opened your account online, your Rate and APY will be those in effect in the region of your address of record at account opening. The Rate and APY may change at any time without notice and are generally effective as of the date indicated above.

<sup>2</sup> Relationship Bonus Interest Rates are paid on eligible accounts when the account owner also has an open Gold Account. Eligible accounts are personal savings (excluding Young Savers), money market, CD, and IRA accounts. Total Relationship Rates are the sum of the Standard Interest Rate and the Relationship Bonus Rate Increase listed for the specific product. The rate increase amount is determined by looking at the previous day's current balance in your eligible accounts, and then adding the corresponding increase amount to the standard rates listed in the standard rate table. After you have opened your account, it may take up to 10 business days for your new relationship pricing to apply. Because rates are paid based on the daily balance method, the rate earned on an account may fluctuate during a given statement period depending on the balances you keep in your account. Interest earned will be expressed on your account statement as the Annual Percentage Yield Earned (APY-E).

**1** Your Certificate of Deposit account ("Account") will earn interest at the fixed rate in effect on the date the Account is opened. The Account is considered opened once you have accepted the Account agreements, provided an authorized signature and we have reviewed and approved your application, and made your opening deposit. Upon Account opening, we will provide you a confirmation of the Account's interest rate, which will remain in effect until the Account renews.

**2** Relationship Bonus Interest Rates are paid on eligible accounts when the account owner also has an open Ambassador Checking, Gold Account, Premier Checking or Premier Elite Checking account. Total Relationship Rates are the sum of the Standard Interest Rate and the Relationship Bonus Rate Increase listed for the specific product. The rate increase is applied on CD accounts at account opening or when the CD renews, and will be calculated on the current balance in the eligible account at that time and does not change for the term of the CD.

<sup>1</sup> The interest rate (Rate) and annual percentage yield (APY) shown are for accounts opened in Amegy Bank's Dallas - Fort Worth regional markets. The Rate and APY for your account will depend on the regional market of the Amegy Bank branch where you opened your account. If you opened your account online, your Rate and APY will be those in effect in the region of your address of record at account opening. The Rate and APY may change at any time without notice and are generally effective as of the date indicated above.

<sup>2</sup> Relationship Bonus Interest Rates are paid on eligible accounts when the account owner also has an open Premier Checking, or Ambassador Checking account. Eligible accounts are personal savings (excluding Young Savers), money market, CD, and IRA accounts. Total Relationship Rates are the sum of the Standard Interest Rate and the Relationship Bonus Rate Increase listed for the specific product. The rate increase amount is determined by looking at the previous day's current balance in your eligible accounts, and then adding the corresponding increase amount to the standard rates listed in the standard rate table. After you have opened your account, it may take up to 10 business days for your new relationship pricing to apply. Because rates are paid based on the daily balance method, the rate earned on an account may fluctuate during a given statement period depending on the balances you keep in your account. Interest earned will be expressed on your account statement as the Annual Percentage Yield Earned (APY-E).

<sup>1</sup> Your Certificate of Deposit account ("Account") will earn interest at the fixed rate in effect on the date the Account is opened. The Account is considered opened once you have accepted the Account agreements, provided an authorized signature and we have reviewed and approved your application, and made your opening deposit. Upon Account opening, we will provide you a confirmation of the Account's interest rate, which will remain in effect until the Account renews.

<sup>1</sup> The interest rate (Rate) and annual percentage yield (APY) shown are for accounts opened in Amegy Bank's Dallas - Fort Worth regional markets. The Rate and APY for your account will depend on the regional market of the Amegy Bank branch where you opened your account. If you opened your account online, your Rate and APY will be those in effect in the region of your address of record at account opening. The Rate and APY may change at any time without notice and are generally effective as of the date indicated above.

<sup>2</sup> Relationship Interest Rates are paid on eligible accounts when the primary owner of the Business Connect Checking, Community Checking or Business Interest Checking account is also an owner of the linked interest bearing account. Eligible accounts are business savings or money market accounts opened on or after October 12, 2017. Total Relationship Rates are the sum of the Standard Interest Rate and the Relationship Bonus Rate Increase listed for the specific product. The rate increase amount is determined by looking at the previous day's current balance in your eligible accounts, and then adding the corresponding increase amount to the standard rates listed in the Business Banking Deposit Rates section above. After you have opened your account, it may take up to 10 business days for your new relationship pricing to apply. Because rates are paid based on the daily balance method, the rate earned on an account may fluctuate during a given statement period. Interest earned will be expressed on your account statement as the Annual Percentage Yield Earned (APY-E).

Promotion Start Date: 4/27/2026

Promotion End Date: 10/31/2026 Subject to Change

#### Additional Details

Customer must open a new Personal Money Market account with a minimum opening deposit of \$500. The Personal Money Market account must be linked to a Gold Account.

<sup>1</sup> The interest rate (rate) and annual percentage yield (APY) are variable, may change at any time without notice, and are generally effective as of the date indicated.

<sup>2</sup> Relationship Bonus Interest Rates are paid on eligible accounts when the account owner also has an open Gold Account. Eligible accounts are personal savings (excluding Young Savers), money market, CD, and IRA accounts. Total Relationship Rates are the sum of the Standard Interest Rate and the Relationship Bonus Rate Increase listed for the specific product. The rate increase amount is determined by looking at the previous day's current balance in your eligible accounts, and then adding the corresponding increase amount to the standard rates listed in the standard rate table. After you have opened your account, it may take up to 10 business days for new relationship pricing to apply. Because rates are paid based on the daily balance method, the rate earned on an account may fluctuate during a given statement period depending on the balances you keep in your account. Interest earned will be expressed on your account statement as the Annual Percentage Yield Earned (APY-E).

<sup>3</sup> Earn up to 3.25% Annual Percentage Yield (APY) for 90 days from account opening on a new personal Money Market account when you have a linked Gold Account qualify for relationship rate bonuses. The primary Gold Account holder must be an owner of the Money Market account. \$1,000 minimum balance required to obtain the advertised APY. Without a qualifying Gold Account, or if the balance drops below \$1,000, the APY will be 2.22%. The 3.25% APY will be reinstated once the requirements are met. After the 90-day promotional period, the account will earn the standard variable APY in effect at that time. APY is accurate as of 4/27/2026. Monthly Service Fees are waived on the Money Market account when the primary owner of the Gold account is also an owner on the money market account. Offer may be withdrawn at any time prior to account opening. Please refer to the Deposit Account Agreement, Account Disclosure, Deposit Rate Sheet and Personal Account Schedule of Fees, or speak to your banker for more details.
